## EatingWell

**This fiber-rich soup is an easy, healthy dinner when you're pressed for time**

Amanda Stanfield

This brothy soup is finished with a bit of heavy cream for body and richness. For a thicker soup, mash 1/2 cup of the beans and stir into the soup right before adding the cream. Frozen sweet potatoes and collard greens keep the prep to a minimum, but if you have a little extra time on your hands, fresh veggies work just as well.

### 20-Minute White Bean Soup (Serves 6)

**Active Time:** 10 minutes

**Total Time:** 20 minutes

4 cups reduced-sodium vegetable broth  
2 cups frozen chopped sweet potatoes, thawed  
2 cups frozen chopped collard greens, thawed  
2 (15-ounce) cans no-salt-added cannellini beans, rinsed  
1 yellow onion, chopped  
3 stalks celery, finely chopped  
2 tablespoons lemon juice  
6 cloves garlic, finely chopped  
1 teaspoon salt-free garlic-and-herb seasoning  
1/2 teaspoon salt  
1/4 teaspoon ground pepper  
1/4 teaspoon crushed red pepper  
1/4 cup heavy cream  
1/4 cup grated Parmesan cheese

1. Combine broth, sweet potatoes, collard greens, beans, onion, celery, lemon juice, garlic, garlic-and-herb seasoning, salt, pepper and crushed red pepper in a large Dutch oven. Bring to a boil over high heat. Cover, reduce heat to medium and cook, undisturbed, until the sweet potatoes are tender, about 10 minutes.

2. Stir in cream. Bring to a simmer, uncovered, over medium heat; simmer for 5 minutes. Divide among six bowls. Top with Parmesan.

## Personalized Memorials

### *Your Story in Stone*

A cemetery provides an important function in our society. It is a sacred ground that has been dedicated for the purpose of perpetually providing a safe area for the placement of the earthly remains.

The purpose of the memorial is to identify the person who was laid to rest in a grave plot or in a columbarium niche. However, it also provides an opportunity beyond this basic function, the monument can tell a story through the design. If a picture can say a thousand words, the same is true of a monuments design.

We encourage careful consideration when choosing a monument. It is something you do not want to rush and you want to ensure that the quality of the memorial is something that will last forever. This is why we suggest granite as the material of choice for memorials. Granite is the hardest form of rock after diamond. Similar to diamonds, there are different grades of granite. Softer grades of granite, concrete products or fieldstones that require paint to be applied to the lettering or design elements should be avoided.

Weber Funeral Home is an authorized monument and columbarium engraving provider for the Camrose Valleyview Cemetery and rural cemeteries. We provide granite that will stand the test of time. We have broad selection of colours, shapes, cuts and sizes. We also have a rendering process so that you can see a visual representation of what your monument will look like before it is ordered.

For appointments and inquiries please contact our office by phone or email. We will gladly meet with you at our office or we can come to you at your home.
