Exciting Announcement!

**NOW OPEN MONDAYS
STARTING JANUARY 6TH**

10:00am - 5:00pm

Morning Giggle

Scott and Glenn were trying to measure a telephone pole. Every time one of them would get part way up, he would slide back down.

Then along came this really big, muscular guy who asked, "Hey, what are you guys doing?"

Scott replies, "We're trying to measure the height of this pole."

The muscular guy wraps his arms around the pole, pulls it out of the ground, lays it down and measures it. Then he picks it up, puts it back in the ground and tells them, "40 feet," then walks away.

Glenn turns to Scott and says, "What a stupid idiot—we wanted the height, not the width."

FOR TODAY'S BIRTHDAY

You're always willing to try something outside of the norm because you're unconventional and hate when life gets boring or routine. While you love being a part of a community or team, you also know how to hold your own -- and you do it well. Your unique approach to life and love makes you stand out. While others may not always understand your unique approach or point of view, they can't help but admire your charisma and independence. This year, aim for the stars! There's a strong chance you'll reach them.

Jazz up a can of tuna with this easy recipe

Karen Rankin

Silky avocado adds creaminess that's cut with a hit of acidity from lemon and a briny punch from feta cheese. Romaine hearts and cucumber offer a refreshing crunch.

Avocado Tuna Salad (Serves 6)

Active Time: 15 minutes

Total Time: 15 minutes

- 3 tablespoons extra-virgin olive oil
- 2 tablespoons lemon juice
- 1/4 teaspoon salt
- 2 medium avocados, chopped (about 2 1/2 cups)
- 2 (5-ounce) cans solid white tuna in oil, drained and flaked
- 4 cups chopped romaine hearts
- 1 cup chopped English cucumber
- 1/3 cup crumbled feta cheese
- 1/4 cup toasted sliced almonds
- 1/4 cup chopped pitted Kalamata olives
- 3 tablespoons chopped fresh flat-leaf parsley

1. Whisk oil, lemon juice and salt together in a large bowl; add avocados and toss gently to coat thoroughly. Add tuna, romaine, cucumber, feta, almonds, olives and parsley to the avocado mixture; toss gently to combine.

2. Serve immediately or refrigerate for up to 1 hour.

Taxation ONLY With Representation

A fundamental aspect of our democratic system is that the Government can only tax its citizens and spend those tax dollars with Parliamentary approval. Since the Magna Carta was signed more than eight centuries ago and the growth of modern democracy in the Westminster system of Government we have today, this has been an essential element of democracy. Yet, we now find ourselves in a situation where the changes to the federal capital gains tax has never been voted on, but will be collected. I wish I could say I was surprised, but with the normalization of constitutional crises we have seen over the last nine years under Justin Trudeau and the NDP/Liberals, this is simply another Liberal attack on democracy.

In the 2024 Federal Budget, the Liberals announced they would increase the inclusion rate on capital gains in Canada. They did not, however, include this measure in any budget bill, and only tabled a motion to make the changes in the Fall. This motion has never been voted on but also has never been debated.

To note, the reason the motion did not get debated or voted on is because the entire Fall sitting of Parliament was consumed by debates on Liberal scandals. Now, with Parliament being prorogued, which is an insult to democracy in and of itself, the legislative agenda has been reset. This means the CRA is going to collect a tax that has not been voted on.

Common Sense Conservative Leader Pierre Poilievre has been clear: Conservatives do not support this tax hike on job creators, will repeal it, and believe that it is unconstitutional to even collect it. This tax, which economists suggest could kill over 400,000 jobs and shrink our economy by 90 billion dollars, will have a disproportionate effect on small- and medium-sized business owners, farmers and ranchers, and interestingly, will have a huge impact on family doctors.

Poilievre didn't mince words when speaking about this in the context of the current Liberal Leadership race to replace Justin Trudeau: "Trudeau's Chief Economic Advisor, Carbon Tax Carney, and former Finance Minister, Chrystia Freeland, were behind this job-killing tax increase. It is driving our economy into the ground, especially with President Trump's tariff threats looming over us. This was a bad idea before, but now it's outright insanity."

Let's not forget, after nine years of Liberal economic vandalism, our economy has suffered, and our standard of living has fallen. In fact, Texas, with 10 million fewer people, now boasts an economy larger than all of Canada's provinces and territories combined. And tax hikes like the capital gains hike and carbon tax brought in by the Liberals (with the support of the NDP), have made Canada poorer.

Canadians also need to be able to choose in an election whether they support policies like this. Conservatives have made it clear that we will permanently axe this job-killing increase, safeguarding our jobs and our dollars. Further, we will cut back on corporate welfare—those lavish subsidies handed out to big, politically connected corporations with nothing to show but waste. Think about it: \$9 million for edible crickets, \$400 million for the Green Slush Fund (for which the ethics commissioner confirmed lawbreaking deals), \$50 million for Mastercard's office, and \$20 billion in contracts.

I have listened to you. These tax hikes, like the carbon tax, need to be axed. Conservatives believe we need to be a country which allows our people to prosper, rewards hard work, brings home an economy where the Canadian promise, including here in rural Alberta, can be realized again.

Serving all families like our own for over 115 years

Funeral Director - Troy Shackel

Troy Shackel started with Burgar Funeral Home in January of 2022. Troy recognized a strong passion to become a funeral director at a young age. When he and his wife, Katrina, opened Bea's Blooms here in Camrose, they introduced themselves to Burgar's current owner, Bart Orr. Troy has a Masters in Electrical in the province of Alberta and a Red Seal in Canada. After being in the electrical trade for over 25 years, he felt it was time to follow his true calling of becoming a funeral director. Bart knew Troy's hard work ethic and compassion towards people in the community would be an asset to his team.

Troy and Katrina have been in the Ferintosh and Camrose area for many years and are raising two children, Bianca and Bodell. His family has been a huge support in helping him reach his goal.

It is Troy's honor to be part of Burgar Funeral Home, having a huge amount of respect for the funeral profession and a willingness to continually learn, as well as, a deep desire to help families. Troy has completed his funeral directors and embalming licence and looks forward to serving the community for many years to come.
