# Windsor Plywood ... the *experts* you need to know!

## Helping Clients Like You Since 1974!

***We specialize in hard to source interior and exterior home finishing products including: Windows, Exterior doors, Flooring, Interior doors, Mouldings, Exotic and domestic hardwoods, Paint and stain supplies, Fencing, Decking and So Much More!***

We're more than a local building supply company, customers' needs and our business model is very unique. Our location is a family affair - independently locally owned and operated, not top-down like most franchise groups. We carry high quality, responsibly sourced products. We are committed to providing outstanding value and personalized, one-on-one service to all of our customers: homeowners, do-it-yourselfers, renovators, builders, designers, craftsmen and contractors. Regardless of the type or size of your project, we'll help you bring your vision to life, from start to finish.

## Replacing your doors is easy as 1-2-3

- 1) Take off your existing doors and door hardware and bring them in to Windsor.
- 2) In Windsor's Door Shop, we will measure the exact spots for hinges and door knob using your old door as a template. A little drilling and mortising and you're on your way!
- 3) Install your hinges and door knob in the pre-drilled spots. Hang your door in place and you're done. Easy!

*Machine to match your old door in our own shop! Don't tear out that old Door Jamb! If your door jamb is in good condition and square, why change it! We will mortise the hinge and drill holes for the lock set to match your old door. Custom sizing available.*

# Morning Giggle

The irate customer calling the newspaper office loudly demanded to know where her Sunday edition was.

"Ma'am," said the employee, "today is Saturday. The Sunday paper is not delivered until Sunday."

There was a long pause on the other end of the phone, followed by a ray of recognition.

"I'll bet that's why no one was in church today, too."

Chae Carpen...

Hi, I'm Eric Buchfink,  
the founder of Mattress Mattress®

I've been in the mattress industry since 1970, and I haven't seen Global price increases like what's coming.

- Steel costs are up.
- Foam costs are rising.
- Freight costs are climbing.

And mattress manufacturers across Canada have announced price increases ranging from 3% to 18%. Most take effect June 1 st .

So, here's what we're doing at Mattress Mattress®. Instead of quietly changing price tags overnight, if you need better sleep, visit us before the **June 1st deadline** to lock in our current pricing.

**Even if you don't buy from us,**  
come get your Beducation®.

We'll show you today's sleep technologies that can help with:

- Back And Pressure Point Pain Relief
- Motion Transfer Causing Sleep Interruptions
- Hot And Cold Sleep Temperature Issues

When you understand mattresses better,  
you'll make a better buying decision.

We know mattresses®...  
and after a **Beducation®** you will too!

**Nobody does sleep like we do! Nobody!**

by Mecca Woods

## ARIES (March 21 to April 19)

Beware of self-doubt. Let your creativity and originality shine through.

## TAURUS (April 20 to May 20)

Be mindful of putting unrealistic expectations on yourself or others. Take it easy and give people room to breathe.

## GEMINI (May 21 to June 20)

You don't become successful by following what everyone else is doing. You become successful by following your own heart and your own mind.

## CANCER (June 21 to July 22)

Don't allow your self-worth to be dependent on your achievements. You're still enough, even without them.

## LEO (July 23 to Aug. 22)

Exercise some discretion in what you share with people today. Not everyone may be looking out for your best interest.

## VIRGO (Aug. 23 to Sept. 22)

Don't be so humble. Recognize how special and unique you are!

## LIBRA (Sept. 23 to Oct. 22)

An exciting new opportunity could be on the horizon. If you must team up with someone to take advantage of the opportunity, make sure that they're up to the task and don't add to your stress.

## SCORPIO (Oct. 23 to Nov. 21)

Maintaining good boundaries with others can keep you from spreading yourself too thin.

## SAGITTARIUS (Nov. 22 to Dec. 21)

A chance encounter could bring love, but take extra care with your heart. If you're partnered, a little spontaneity can strengthen your connection.

## CAPRICORN (Dec. 22 to Jan. 19)

Try to avoid sacrificing your needs or well-being for the sake of being productive.

## AQUARIUS (Jan. 20 to Feb. 18)

You love going to new places and meeting new people. You enjoy variety, and you know how to handle change well. You can be both outgoing and reserved, and you can also be both fearless and cautious. You embrace all your many sides and facets. You often find success by thinking outside the box and refusing to do things like everyone else. This year, you may have ideas that you're ready to birth or pursue. Expect a very busy and creative year ahead.

# MASTER STROKES

BY PHIL FRANKE WITH TOP 100 GOLF INSTRUCTORS

## Are Drills Really Important?

Your drill sergeant will tell you, **ABSOLUTELY!** Athletes in all sports work on drills to perfect their body actions and tune their muscles. One of the main reasons golf pros' swings are so consistent is that they have drilled their swings into muscle memory. To get better faster and build a consistent swing and game, use appropriate drills. They will speed your improvement. Also, drills are the best way to eliminate any faults in your swing.

So, design your own "boot camp," and you'll be battle-ready for the golf course.

# MLA Update

**Address: #104, 4870 - 51 Street**

There is a certain kind of confidence you can feel in a growing province. It shows up in the sound of cranes above city skylines, in packed classrooms training the next generation of tradespeople, and in arenas filled with athletes chasing national championships.

Alberta's future is being built by skilled hands, and that future is taking shape at the Northern Alberta Institute of Technology – known as NAIT. This week, United Conservative announced a historic \$384-million investment to create 5,500 additional apprenticeship training spaces through NAIT's new Advanced Skills Centre. This new facility will expand hands-on learning opportunities in construction, transportation, manufacturing, and energy, helping students move directly from the classroom into rewarding careers. By making one of the largest training investments in the trades, we are building the next generation of Alberta's workforce and giving thousands of Albertans a pathway to stable and high-paying careers that will shape the province for decades to come. Many students from the Camrose Constituency have attended NAIT and more are certain to obtain their post-secondary training there.

At the same time, United Conservatives are continuing to strengthen workforce training and employment supports across the province. Through a new \$68.5-million investment in partnership with the federal government, Alberta is expanding apprenticeship training, retraining, and employment services to help workers adapt to changing economic conditions and connect to in-demand jobs. This investment will help at least 7,800 Albertans access skills training, career guidance, and rapid employment services in industries facing global pressures and workforce shortages. Whether someone is upgrading their skills, transitioning careers, or entering the workforce for the first time, these investments are helping ensure Alberta workers are prepared for the opportunities of tomorrow and that employers can continue finding the skilled labour they need to grow.

Our government is also stepping onto the national stage this month as communities across the province welcome thousands of athletes, coaches, families, and spectators for major sporting championships in Calgary and Edmonton. From the Volleyball Canada Youth National Championships on May 14 -31 and the Canadian Open Judo Championships on May 14-17 in Calgary, to the Karate Canada Junior National Championships on May 15-17 in Edmonton, these events will bring tens of thousands of visitors to Alberta. They'll also generate millions of dollars in economic activity for local businesses, hotels, and restaurants. Beyond the economic impact, these events showcase Alberta's hospitality, energy, and reputation as a premier destination for major national and international competitions.

The story of Alberta has always been one of builders – people willing to step forward, learn new skills, create opportunity, and invest in something bigger than themselves. Whether it is training the next generation of trades professionals, supporting workers through economic change, or welcoming national events that energize our communities, United Conservatives are focused on building a province that is confident in its future, competitive in its economy, and continue to lead in the years ahead.

## Sweet Potato Fries

A simple, tasty, and healthy carb based snack.

### Ingredients

1-2 Sweet Potatoes (try different types)  
Olive Oil  
Cinnamon  
Rosemary (optional)

### Directions

Set oven heat to 425°F (220°C).

Grab a pan and put a layer of parchment paper (or aluminum foil) on it.

Chop the potato(es) on your cutting board with a sharp knife throwing them onto the pan.

Drizzle the fries with olive oil. Toss the fries with clean hands to coat the fries in olive oil. Now wash your hands with soap to remove excess olive oil.

Top generously with cinnamon and salt. Pepper and/or rosemary may be added for additional flavor if desired.

Put in preheated oven. Setting timer for 20 minutes.

At 20 minutes, flip the fries. Rubber tongs make it easy to grab and turn a lot.

Return to oven setting timer for another 10-20 minutes depending on quality of the oven and desired crispiness.

Enjoy. Maybe put them in a glass bowl.

### Notes

A fast method to cut the the sweet potatoes is first into fourths, slice the fourths, chops the sliced layers while stacked into fries.

If you want to experiment with a variety of fats, consider combining the olive oil with grass-fed butter and coconut oil. I believe the issue with coconut oil is it likes being cooked at lower temperatures or else the health quality of the oil will degrade.
