Morning Giggle

Engineering classes at the University of Maryland are tough, and struggling students sometimes go to extremes in order to pass. Grading exams one semester, I got to this question: "What is the relationship between kinetic and potential energy?"

One student, obviously stumped, decided to get clever and wrote, "As far as I know, they're just friends, but there could be something else going on there."

Your Horoscope

by Mecca Woods

ARIES (March 21 to April 19)
Try to find a balance between helping others and caring for yourself. What are your top priorities for today?

TAURUS (April 20 to May 20)
Pay attention to what your body's telling you. This will determine how you approach the day.

GEMINI (May 21 to June 20)
You can't always be in a state of motion. You need rest, too.

CANCER (June 21 to July 22)
Getting what you want might not come as easy or as quickly as you might like. Have more patience.

LEO (July 23 to Aug. 22)
Stick to your boundaries. It'll save you from unnecessary stress.

VIRGO (Aug. 23 to Sept. 22)
You might feel like you're being pulled in too many directions. Consider the bigger picture. Some matters may not be as pressing as you think.

LIBRA (Sept. 23 to Oct. 22)
If you've been eating out a little too often or spending more money than usual when entertaining friends or going out, this might be a good time to conserve your cash.

SCORPIO (Oct. 23 to Nov. 21)
You're carrying a lot on your shoulders. Don't let your pride stop you from asking for help.

SAGITTARIUS (Nov. 22 to Dec. 21)
If you feel like you're falling behind on your to-do list, today can be helpful for getting organized and back on track. Start small and work from there.

CAPRICORN (Dec. 22 to Jan. 19)
You've been working hard and pursuing your goals, but you're due for some fun. Set aside time in your schedule to play!

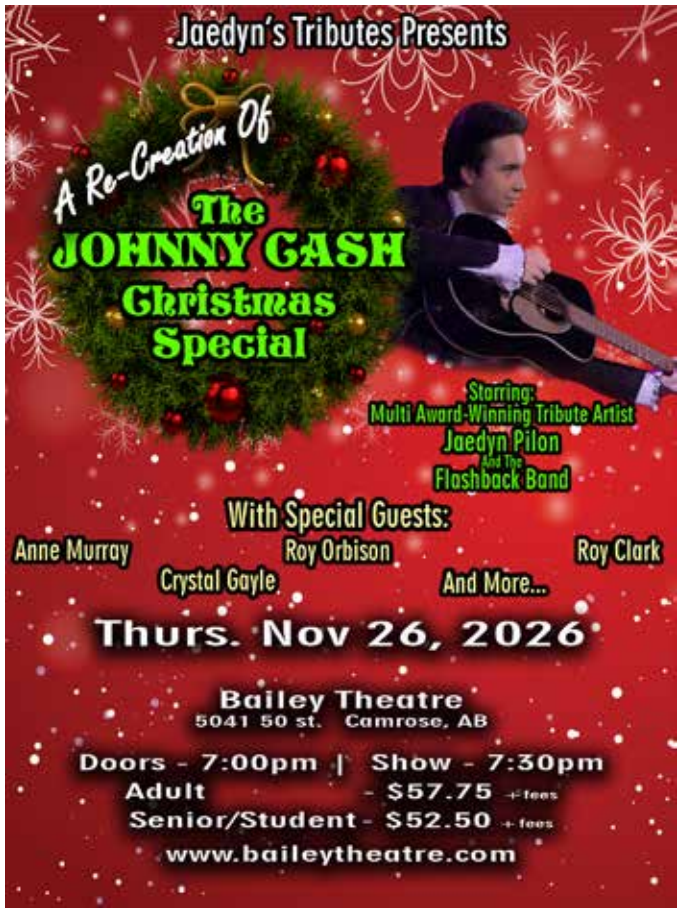

AQUARIUS (Jan. 20 to Feb. 18)
Today calls for quality time with family, especially if you've been super busy as of late.

PISCES (Feb. 19 to March 20)
Writing down your thoughts or sharing them with a trusted person can be useful for figuring out your next steps or finding a solution.

FOR TODAY'S BIRTHDAY
You're strong in both character and spirit. You are who you are, and you won't change this for anyone. You lead with your heart, and you're guided by your emotions. However, being able to discern between your feelings and your intuition takes skill. This may be an area where you can put in more work. Still, as someone with great emotional depth, you put your heart and soul into all that you do. Since this year brings attention to your inner life, think about what you'd like to add to it and what you'd like to release.

There are many different ways to begin the planning ahead conversation. For some families, it might be a casual conversation over dinner or a family gathering. For other families, a formal meeting might be better suited.

Benefits of Pre-Planning

- ***Peace of mind*** - Pre-planning takes the burden of making important decisions off your loved ones during a difficult time.
- ***Longevity*** - Pre-planning your funeral will make certain that your choices are respected and carried out, without leaving your family to wonder what your wishes may have been.
