Morning Giggle

When my printer's type began to grow faint, I called a local repair shop where a friendly man informed me that the printer probably needed only to be cleaned. Because the store charged \$50 for such cleanings, he told me, I might be better off reading the printer's manual and trying the job myself.

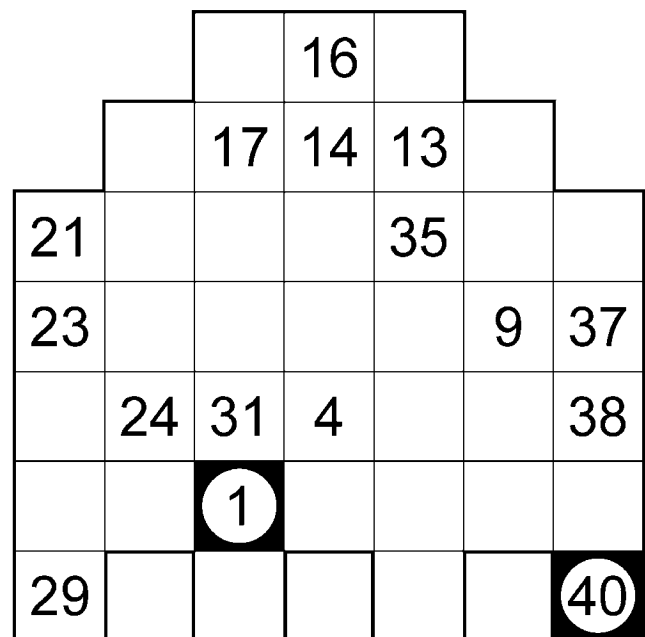

Pleasantly surprised by his candor, I asked, "Does your boss know that you discourage business?"

"Actually it's my boss's idea," the employee replied sheepishly. "We usually make more money on repairs if we let people try to fix things themselves first."

Your Horoscope

by Mecca Woods

ARIES (March 21 to April 19)

If you're making plans for the future, this can be a great time to meet or talk to someone who can help you map them out.

TAURUS (April 20 to May 20)

You can make significant headway with your work or a personal goal. Keep chugging along!

GEMINI (May 21 to June 20)

Switching up your location for the day or for a few hours can help refresh your energy and clear your head.

CANCER (June 21 to July 22)

You can neutralize a fear of the unknown by focusing on what you have the ability to control or change.

LEO (July 23 to Aug. 22)

If you have a project that requires you to team up with someone else, you'll find it a productive day to collaborate.

VIRGO (Aug. 23 to Sept. 22)

A willingness to step outside of your comfort zone can help you advance your career or find helpful solutions for a challenging problem.

LIBRA (Sept. 23 to Oct. 22)

Take a gamble on yourself. The odds could be in your favor today!

SCORPIO (Oct. 23 to Nov. 21)

It can be hard to let go of something that doesn't sustain you or work for you anymore. However, you might find it very easy to do today.

SAGITTARIUS (Nov. 22 to Dec. 21)

Today can be productive for attending a workshop or hosting one. Being in the company of like-minded people can be inspiring!

CAPRICORN (Dec. 22 to Jan. 19)

Don't be afraid to switch gears or make a change if a plan or project isn't coming together the way that you want. Embrace flexibility.

AQUARIUS (Jan. 20 to Feb. 18)

Your magnetism is powerful enough to attract opportunities, as well as some attention for your work.

PISCES (Feb. 19 to March 20)

Today is useful for doing work that contributes to your inner healing, like therapy, journaling or meditating.

FOR TODAY'S BIRTHDAY

You have a curious and creative mind. Others might come to you for new ideas or helpful suggestions. Your natural charm and outgoing personality make you popular with people wherever you go. You might be someone who sets trends or creates work that others try to copy or follow. You can't help but make waves; you were born to be an innovator. This year, think about the people you want to partner and collaborate with for the sake of fulfilling a personal goal or contributing to the greater good.
